# Coursework Report – 5COSC019C Object Oriented Programming

Student ID: 20221150 / w1999503

Have you submitted the video with the demonstration of your system?

If the video has been submitted specify where:

Blackboard

On the cloud (file shared from Google drive, or OneDrive or DropBox, etc), or YouTube. Copy here the link:

https://drive.google.com/file/d/1zit8bWK1iTEi95cxMB6wU8BelBjtmuQr/view?usp=sharing

#### Phase 1 – Design and class implementation

Student Name: G.Kavindu Sandaruwan

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Design a UML Use Case Diagram of your	Yes No	No issue regarding this function
system (submitted in a separate file).		
Design a UML Class Diagram of your	Yes No	
system (submitted in a separate file).		
		No issue regarding this function
Implementation Class Product	Yes No	
		No issue regarding this function
Implementation Class Electronics	Yes No	TWO 1350C TEGUTUING CHIS TUTICUOTI
implementation class Electronics	Tes No	
		No issue regarding this function
		0 0
Implementation Class Clothing	Yes No	
		No issue regarding this function
Implementation Class User	Yes No	
,		No issue regarding this function
Implementation Class Shopping Cart	Yes No	No issue regarding this function
Implementation Interface	Yes No	No issue regarding this function
WestminsterShoppingManager		

### Phase 2 – Console menu implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Add a product in the system with all the	Yes No	
relative information (max 50 doctors)		
		No issue regarding this function
Delete a product from the system by	Yes No	
selecting the product ID. Display a		No issue regarding this function
message to confirm it has been removed		
and the total number of products in the		
system.		
Print on the screen the list of the	Yes No	
products in the system with all the		No issue regarding this function
relative information. The list should be		
ordered alphabetically.		
Save in a file entered by the user so far.	Yes No	
The user should be able to load back the		No issue regarding this function
information running a new instance of		
the application.		

### Phase 3 - GUI Implementation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
The user can select the category through	Yes No	
the drop-down menu		
		No issue regarding this function
The GUI is open and a list of products	Yes No	
with the information as per specification		
has been displayed		No issue regarding this function
Items with low availability are highlighted	Yes No	No issue regarding this function
in red		
The user can select a product and all the	Yes No	
details are displayed as per specification		No issue regarding this function
in the below panel		
The user can add products to the	Yes No	
shopping cart and all the information are		
displayed in a separate frame		No issue regarding this function
The final price is displayed correctly	Yes No	
		No issue regarding this function

The discounts, if applicable, are displayed	Yes No	
as per specification and the final price		No issue regarding this function
updated accordingly		

## Phase 4 – Testing and system validation

Task	Did you	Student's comments (To which extent you
	attempt the	implemented the task? Have you encountered any
	task?	problems or issue?)
Test plan. (Submitted in a separate file).	Yes  No	
		No issue regarding this function
Implementation of an automated unit	✓ Yes   ✓ No	
test for each scenario in the console		There are some issues regarding this.
menu.		
Error Handling across all the code, input	Yes No	
validation and code quality.		No issue regarding this function
